

TIPCO ASPHALT GROUP

YOUR INNOVATIVE SOLUTIONS PARTNER

WHO WE ARE

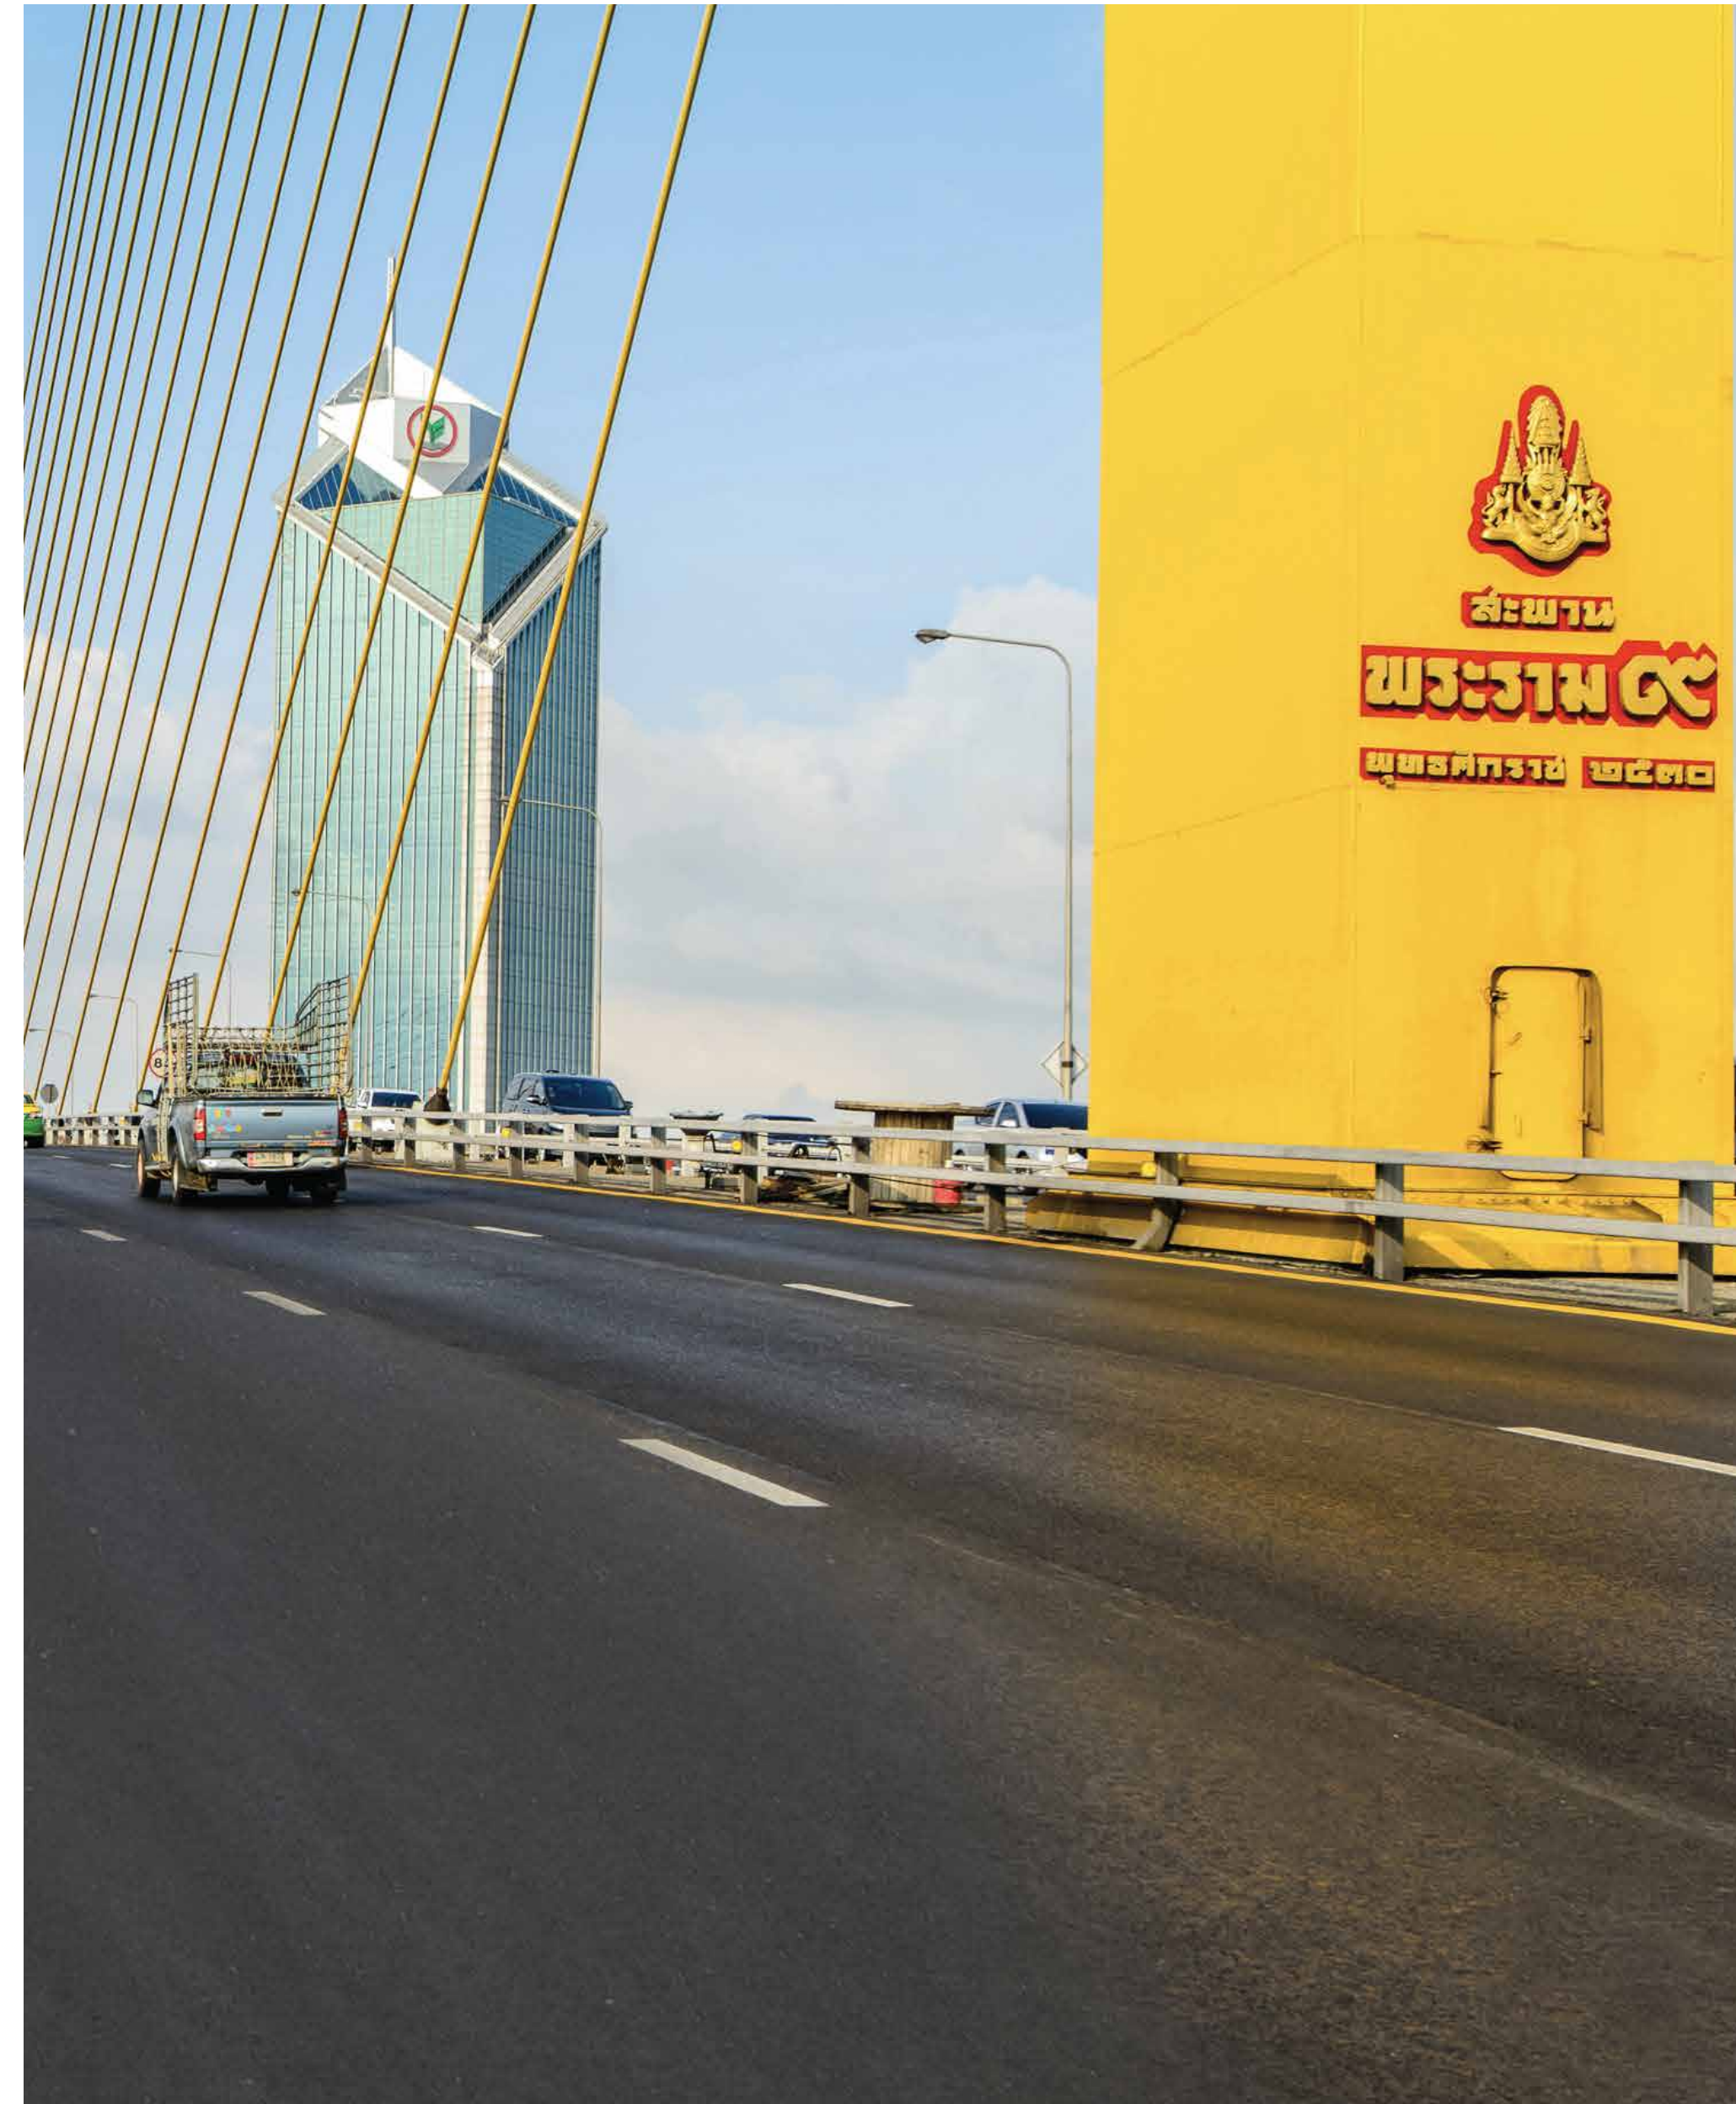

Regional Leader in Asphalt Solutions

Over the past 40 years, the Group has accumulated vast amount of knowledge and expertise, not only in asphalt manufacturing, but also in road application and construction across Asia. Through our experiences and specialized skills, we are offering a wide range of asphalt based products and solutions so our partners, customers and communities can benefit in a sustainable manner.

With a fully integrated value chain, we look forward to becoming our customers' "Innovative Solutions Partner" and meeting their unique needs, no matter where they are.

MISSION

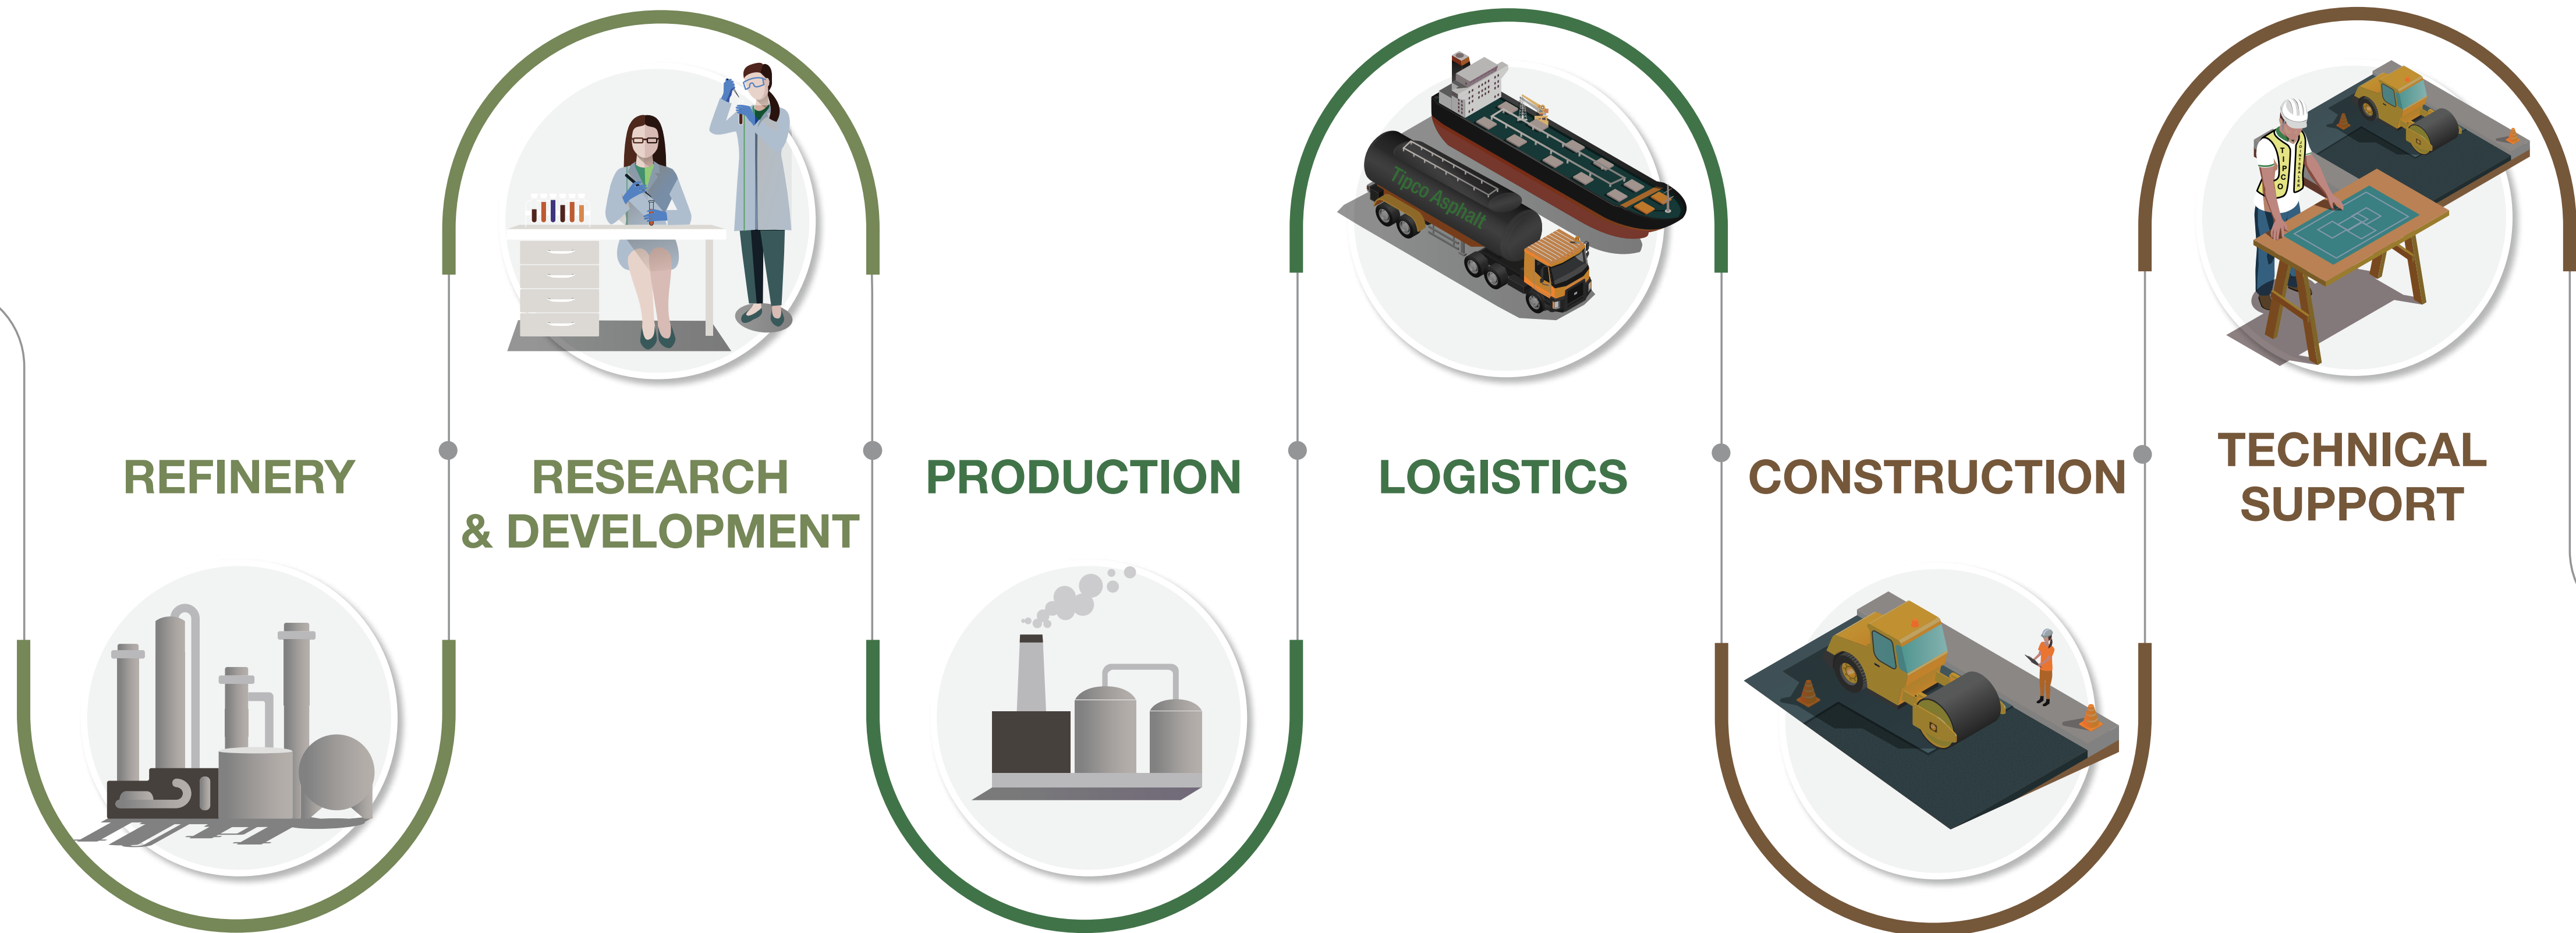

To be a globally preferred integrated asphalt solutions partner

VISION 2025

To provide asphalt solutions in a sustainable manner led by and innovative culture

SOLUTIONS WE PROVIDE

Integrated Asphalt Solution

SOLUTIONS WE PROVIDE

Asphalt Refinery

Located at the east coast of the Malaysian peninsula, Kemaman Bitumen Company Limited (KBC), Malaysia, is a specialized asphalt refinery designed to process naphthenic based crude oils. Through the straight-run distillation process, it has allowed us to closely monitor and guarantee the quality of asphalt being produced while other conventional refineries are treating asphalt simply as a by-product.

30,000 barrels per day
refining capacity

1.2 million tons
annual asphalt production capacity

165,000 DWT
crude and product vessels can berth
at any of the 4 loading berths

40.5 hectares
refining facilities

360,000 MT
storage capacity for crude

76,500 MT
storage capacity for asphalt

36,000 MT
storage capacity for fuel oil, gas oil
and naphtha

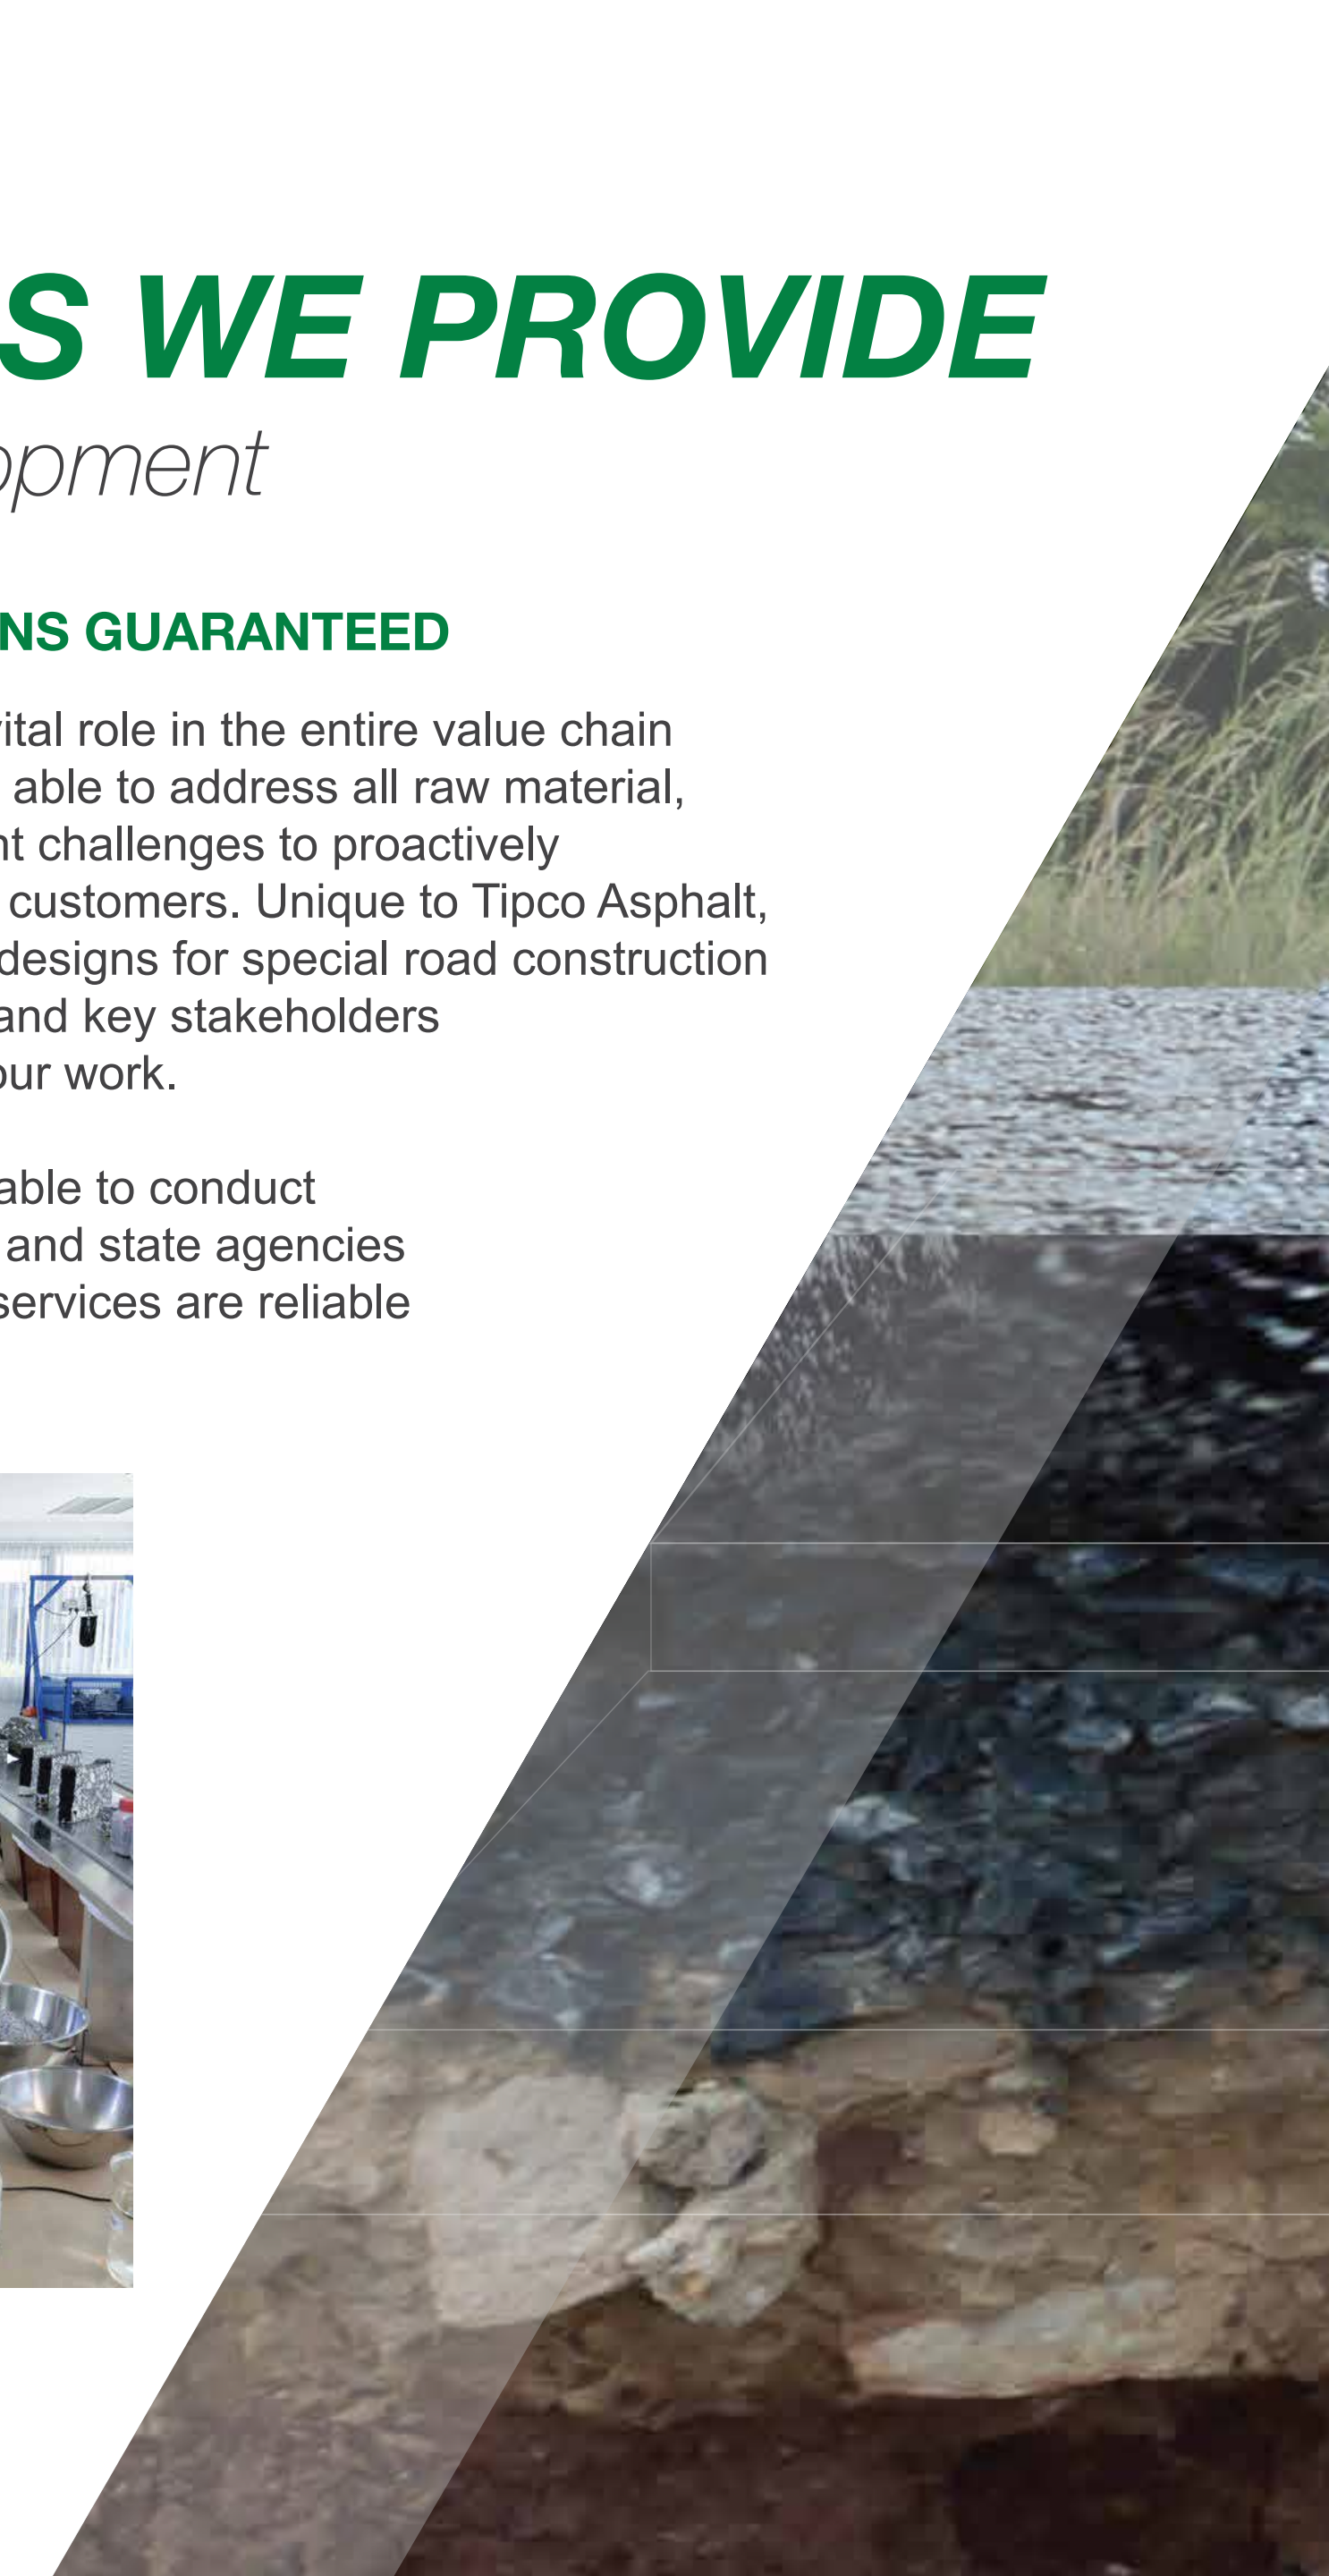

SOLUTIONS WE PROVIDE

Research & Development

ASSURANCES AND SOLUTIONS GUARANTEED

Research & Development plays a vital role in the entire value chain of the Tipco Asphalt Group. We are able to address all raw material, production, technical, and pavement challenges to proactively provide advice and solutions to our customers. Unique to Tipco Asphalt, we are able to provide asphalt mix designs for special road construction applications, giving our customers and key stakeholders ease of mind and dependability in our work.

By having qualified resources available to conduct testing and certification, customers and state agencies are assured that our products and services are reliable and of the highest standards.

SOLUTIONS WE PROVIDE

Production

Every terrain has its own characteristics. Every road is unique and every solution is different.

By working closely with our customers, this allows us to cater their needs and expectations. We are able to formulate products, customize mix type and specifications for asphalt pavements to be long lasting, durable and at the utmost, safe for commuters of all types, albeit roads, highways, bridges and runways.

SOLUTION WE PROVIDE

Construction and Technical Support

WE BUILD

By leveraging the knowledge and expertise within the Tipco Asphalt Group, our construction subsidiaries execute the applications of our asphalt products for road construction and maintenance with the high standards.

With our integrated value chain, we are one of the few asphalt road construction leaders in Thailand that have the capability and expertise to work both in Thailand and neighboring countries as well.

ENHANCING CUSTOMER EXPERIENCE AND CONFIDENCE

Our knowledgeable and fully staffed Technical Support team are ready to provide any assistance with the product's utilization and application techniques that our customers' desired. Rest assured that they will always be ready to assist.

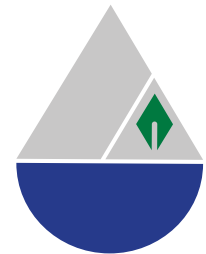

CONSTRUCTION

The Construction Specialists

With over 50 years of construction experience on road construction and maintenance, Thai Slurry Seal and Thanomwongse Service have distinguished themselves as being the asphalt road construction specialists of choice, well recognized by our customers and government authorities in Thailand.

Through the strong partnership with a world leading construction conglomerate, Colas S.A. in France, a world leading construction conglomerate, our Construction Group has incorporated and adapted international standards and knowledge to develop new pavement techniques, products and services for major construction in a sustainable and innovative manner.

WHERE YOU CAN FIND US

Our regional presence in Asia allows us to cater to our customers' specific needs. Our international marketing network enables us to supply asphalt around the world.

3 China

Langfang Tongtai Road Material Co., Ltd. EST 1998

Tipco Asphalt (Xinhui) Co., Ltd. EST 2001

Operating in 2 regions (North and South) of the country with specialized product design and application techniques suitable for different terrains and climates

7 Malaysia

Kemaman Bitumen Company Sdn. Bhd. EST 2003

Borneo Asphalt Sdn. Bhd. EST 2018

Southeast Asia's only naphthenic asphalt refinery, is strategically located on the east coast of the Malaysian Peninsula, that has access to deep sea ports allowing it to conduct international trade shipments

4 India

Hindustan Colas Private Limited (HINCOL) EST 1996

For over 2 decades, Tipco Asphalt, Colas and Hindustan Petroleum through its joint venture, Hincol, has established itself as the foremost asphalt products manufacturing expert in India, with 10 production and depot facilities covering the whole subcontinent

8 Philippines

Phoenix Asphalt Philippines, Inc. EST 2018

A joint venture with Phoenix Petroleum of the Philippines, Phoenix Asphalt Philippines, started to introduce and supply of premium asphalt products and applications that suits the environmental conditions and terrain of the country

1 Thailand

Tipco Asphalt Public Company Limited EST 1979

Raycol Asphalt Co., Ltd. EST 1985

Thai Bitumen Co., Ltd. EST 1995

Thailand's foremost expert in asphalt manufacturing and application techniques, ensuring durability and longevity of road pavements

5 Indonesia

PT Asphalt Bangun Sarana EST 2000

Known for its premium asphalt products, ABS is well regarded for its knowledge of national road construction and infrastructure developments

9 Singapore

Asia Bitumen Trading Pte. Ltd. EST 2015

A joint venture established in Singapore, a strategic regional hub for trading and shipping of asphalt, with SK Energy of South Korea, to pool together our resources and commercial prowess as a consistent supplier of quality asphalt in the region

2 Cambodia

Tipco Asphalt (Cambodia) Co., Ltd. EST 1999

Cambodia's leading asphalt manufacturer and distributor promoting asphalt mixing and paving techniques to support the country's logistic infrastructure development

6 Laos

Tipco Asphalt Lao Co., Ltd. EST 2017

A joint venture with a longtime commercial partner of Tipco Asphalt in Laos, Seneoudom, to become the country's first asphalt manufacturing plant for domestic distribution

10 Vietnam

Asphalt Distribution Co., Ltd. EST 1993

As one of the largest asphalt operators in Vietnam, ADCo has the distribution and supply capabilities to serve the country's extensive national road network and future growth

OUR JOURNEY TOWARDS SUSTAINABILITY
